

INVITATION TO SPONSOR

THE CANADIAN ENERGY PSYCHOLOGY CONFERENCE

The Canadian Association for Integrative and Energy Therapies (CAIET) recognizes the need to support Energy Psychology, Energy Medicine and mental health practitioners, researchers, scholars, and students as they embark on understanding how to improve the psychological well-being of all Canadians. We understand the tremendous value of bringing together academics from all parts of the country to share ideas, resources and research for a richer understanding of emotional, mental, spiritual and physical well-being. We also see tremendous value in providing professional development opportunities to practitioners in the field to maintain the integrity and high standards of the application of Energy Psychology in various fields.

The objective of our conference is to offer people a forum to interact and learn directly from leading innovators, researchers and method developers in the field of Comprehensive Energy Psychology while enhancing their professional and personal development!

We also want to promote discussion about what the needs are for academics and practitioners alike in this new and burgeoning field. Through discussion, we wish to co-create a Canadian Association that meets the needs of both academics and practitioners and promote the admirable work that is being done here in Canada to an international audience.

CAIET offers you an opportunity to be part of our annual conference by becoming a sponsor. Our commitment to you, is to offer you and your organization exposure to diverse delegates who have a stake and interest in Energy Psychology and Integrative Therapies in Canada.

We understand that each potential sponsor has unique marketing needs and objectives. In an effort to meet those needs, we offer a number of sponsorship opportunities to fit all budgets.

The interest in Energy Psychology has escalated worldwide over the past 20 years. The Canadian Association of Integrative Energy Therapies is very proud to be supporting the annual meeting of researchers, academics, students, psychologists and practitioners in Canada.
