

NOTES FOR PRINTING COURSE MATERIALS

We recommend that you have all the course materials printed prior to the pre-conference workshop. Here is how we suggest they are printed:

The Course Notes Booklet (called **HS1 Course Notes**) to be printed double sided, black on white except for cover page (to be printed in color), 80gsm white bond, wire bound (black wire), clear front, black board back

The Course Charts (called **HS1 Course Charts – ALL**) to be printed in color on the heaviest **cardstock** available (110-120 lb)

The Verbiage Sheets (called **HS1 Clearing & Pivoting Verbiage**) – to be printed on normal paper (80gsm white bond), B&W, double-sided.

There will be a limited amount of course materials available for purchase (\$CAD 30) at the pre-conference workshop. If you would like a set, please let us know at least 2 weeks before the workshop: admin@HeartSpeak.com.

Thanks and we look forward to seeing you in Toronto!
